

NEW PRODUCT! Aspire ALTITUDE Vertical Lift Chair

Taking patient mobility to new heights, Aspire ALTITUDE Vertical Lift Chairs are now available!

The ALTITUDE Vertical Lift chair is designed to accommodate varying user and facility requirements for enhanced comfort and efficient care provision.

Key features:

- **Mobile patient care:** Integrated power source allows full chair functionality throughout the care environment for all-day independence.
- **Assisted transfer functionality:** Vertical lift and removable armrests facilitates safe sit-to-stand and lateral transfers, simplifying patient handling.
- **Fabric:** Multi-stretch seating surface with medical vinyl outer.
- **Oncology Armrests (optional).**
