NEW PRODUCT! Aspire Transport Ramp

Ramping up into the New Year, Aspire Transport Ramps are now in stock!

Designed in conjunction with public transport professionals this lightweight folding wheelchair ramp is an ideal portable solution.

Key features:

- Lightweight yet robust. A super lightweight composite fibre core is supported by an aluminium frame to support loads of up to 400kg
- Anti-slip all weather surface
- Raised tapered side walls keep wheels tracking along the ramp surface
- Folding design with carry handle and fastening clip allows the ramp to be easily carried, maneuvered into position or stowed when not in use.
- Striking orange colour provides high visibility and contrast

Aspire Transport Ramp – RAM656800
