Client name  DVA File No.

**Criteria** **Note:** The criteria listed below is a summary of the criteria required to be considered prior to prescription of a PRS to be supplied by the Department

- EITHER  This person lives alone
- OR  This person does not live alone but is without assistance
- OR  This person does not live alone, but his/her carer is unable to provide or obtain assistance (e.g. due to significant hearing impairment, dementia or mobility problems)

The entitled person **should** meet one or more of the following criteria prior to the provision of a personal response system

- EITHER  This person has a significant risk of medical emergencies
- OR  This person has a recent history (within the past 12 months) of falls. (The falls must have been investigated and the cause of the falls eliminated where possible. Therefore personal response systems should only be considered if there is a continued risk of falls)
- OR  This person displays a number of factors that would put them at high risk of a fall. (Risk factors include severe visual impairment, severe mobility and balance problems, severe incontinence, and medical conditions which affect balance and mobility (such as Parkinson's or Meniere's Disease))
- Person has sufficient physical function to operate the PRS
- Person has sufficient cognitive function to wear and operate the Pendant and PRS
- Person has a willingness to wear the Pendant 24 hours a day
- Person has a willingness to activate the PRS if necessary and test once each month

**Technical Information**

- 13. Type of phone (e.g. Std, VoIP etc.)
- 14. Number of phones/phone sockets and location
- 15. Proposed location of PRS unit
- 16. Phone service supplier
- 17. Is a power point available solely for the PRS unit near the phone?  No  Yes
- 18. Is there a Broadband Internet connection or fax machine in use?  No  Yes
