The most intuitive DVA Prescriber App

eRAP features:

Thousands of Products at your fingertips: Complex product orders made easy by attribute identification.

Minimal Paperwork: Clinical justifications, home-mod notes and client signatures all captured electronically.

Draft Orders: For completion at a time that suits you which you can track once submitted.

Home Modification Tool: Either take a photo of your client's room, use an existing image or use one of our line drawing templates. Then simply draw directly over the image.

The eRAP portal has been developed to generate better outcomes for your clients and help you optimise your consulting time.

Download eRAP on the App store.

Alternatively visit the web portal: **erap.aidacare.com.au**

eRAP, developed with you in mind.
