Aidacare & MASS

Aidacare, in conjunction with our supply partners are proud to be recognised suppliers of a large number of products listed on the current MASS SOA (Standing Offer Arrangement).

The SOA is a list of preferred products which MASS is offered for purchase at contracted prices. Each product has a MASS-specific order form, which must be completed and submitted with the application.

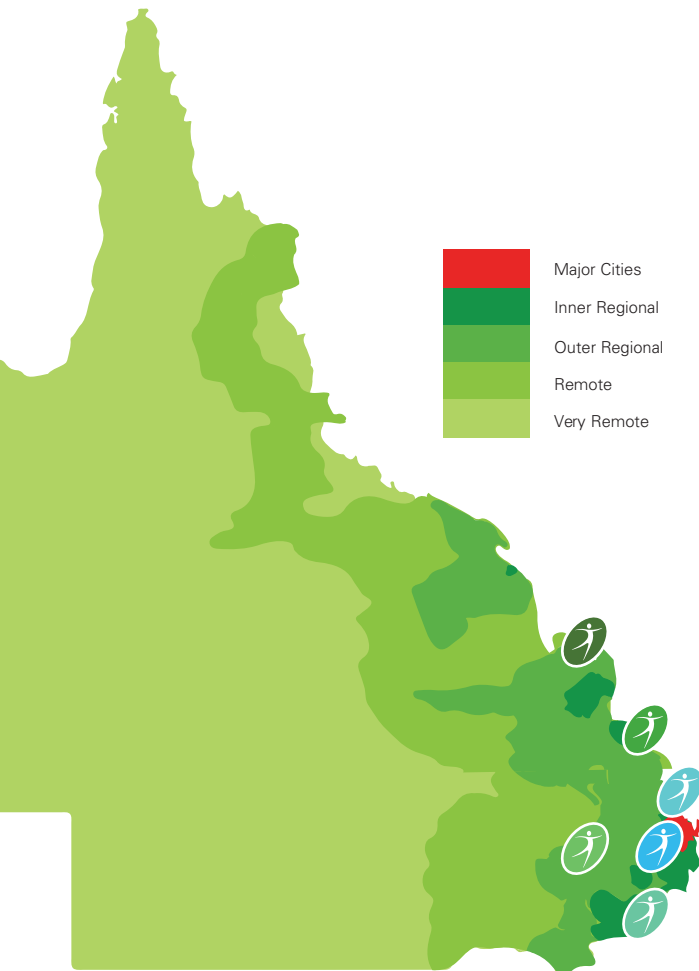

Aidacare offer a broad range of services to MASS prescribers and clients including:

- Access to an extensive range of SOA and other demonstration stock for trial throughout Queensland
- Specialist sales staff to assist with trials and support prescription of customised and specialised equipment
- Clinical specialists to provide additional advice and support for healthcare professionals
- Clinical education and support
- Service & repair field technicians
- General customer service and support including the booking of equipment trials

Our electronic catalogue is available for download at www.aidacare.com.au/contracts/mass.aspx.

For information on non-SOA products please browse the complete online Aidacare Catalogue at www.aidacare.com.au.

For additional information please contact the Queensland Customer Service Team on 1300 133 120 or email mass@aidacare.com.au.

MASS Order & Approval Process

Aidacare offers a service to Prescribers that is based on "Partnering to provide the best solution". We listen, respond and work with therapists to provide the highest possible customer service solution for the client.

MASS Catalogue

- PRESCRIBER IDENTIFIES CLIENT NEED AND MASS ELIGIBILITY
- PRESCRIBER CONSIDERS EQUIPMENT OR MODIFICATION

www.aidacare.com.au

CONTACT

Prescriber contacts Aidacare or Sub-Contractor to arrange an in-home equipment trial

Aidacare Admin:

P 1300 133 120

F 1300 787 052

E mass@aidacare.com.au

SOLUTION

The prescriber & Aidacare equipment specialist determine the best equipment solutions for the client

ORDER STEP 1

Aidacare provide the prescriber with:

- Detailed product information
 - A quote
- Script or order form as appropriate

ORDER STEP 2

Prescriber forwards to MASS:

- Aidacare quote
- Product specifications
- Appropriate prescriber application forms

MASS APPROVAL GRANTED

DELIVERY

When all equipment is ready for delivery, an Aidacare team member will contact the prescriber and client to arrange the delivery

Shower Commodes

Aspire Bariatric Shower Commode

- Super Heavy Duty Bariatric design with 790mm seat and 350kg SWL
- Anti-bacterial frame coating for improved infection control
- Removable arms to assist with positioning and allow lateral slide transfers
- Height adjustable, swing away footrests for optimal positioning and ease of transfers
- Padded seat and arms for maximum comfort
- 4x lockable castors maximise safety by providing carer access to a brake at all angles around the commode
- Comes standard with pan and carrier

Code	Description	Overall Height	Overall Width	Seat Width	Backrest Height	Armrest Height	Anterior Seat Height	Posterior Seat Height	SWL

Lifecomfort Hybrid Static & Alternating Mattress

The Lifecomfort Hybrid Mattress offers foam-in-cell technology - enabling flexible operation as either a high comfort foam static support surface or powered-up alternating pressure support surface.

- **Intelligent Hose Management** - when not in use the air-hose can be stored internally, reducing infection control and OH&S issues.
- **Optimised Heel Protection** - a 12° tapered heel zone redistributes pressure up the lower leg, away from the vulnerable heel region. The castellated surface collapses in a wave-like movement reducing shear.
- **Integrated Shear Reduction** - the memory foam overlay moves independently of the underlying cells, reducing shear as the bed profiles.
- **Memory Foam Top Layer** - integrated memory foam overlay improves immersion, envelopment and comfort.

Lifecomfort Active Air 8 Mattress Replacement

The Active Air 8 is a dynamic mattress replacement suitable for users at "High Risk" of Pressure Injury. Featuring AUTODETECT, and AUTOPROTECT, together with CELL-IN-CELL technology, the Active Air 8 provides the highest levels of care into Long Term care environments. The Active Air 8's innovative features ensure lowest interface pressures with an easy-to-use digital pump.

- Breathable multi-stretch cover
- Integrated cable management
- Simple and easy to operate digital pump
- Patented cable lock protection
- Welded seams and zip protection
- 8" Mattress replacement

Pressure Care Cushions

Smart Check by ROHO® is a sensing device used in the setup and monitoring of a ROHO HIGH PROFILE® or MID PROFILE™ Sensor Ready Cushion

Applies to ROHO Single and Dual Compartment Cushions

High Profile Single Valve No Cover

Low Profile Single Valve

Note: This range can fit chairs from 13.25" x 13.25" to 22" x 22". Please contact Aidacare for enquiries relating to sizes outside of the displayed range. Sizes listed are seat dimensions.

All models include

- 2 Way Stretch Cover
- Hand Pump & Repair Kit
- Operating Instructions
- 2 Years Warranty

ROHO® - Single Compartment

- Appropriate for clients with very high risk of ischaemic ulcers and for management and recovery from existing pressure injury conditions
- Interconnected cells help disperse pressure and reduce shear risk promoting pressure management

- Offers all the benefits of ROHO Dry Floatation but with less postural control and flexibility than offered by the Dual Compartment and Quadro Select ranges
- Soft neoprene construction is flame retardant and durable
- Maximum User Weight: Unlimited

High Profile (HP)

- 4" (10cm) High Cells
- Higher Pressure Disbursement

Low Profile (LP)

- 2" (5cm) High Cells
- Greater Stability

WIDTH (Cells / Size")	Profile	DEPTH (Cells / Size")

High Profile Dual Valve No Cover

Low Profile Dual Valve With Cover

Note: This range can fit chairs from 13.25" x 13.25" to 20.25" x 20.25". Please contact Aidacare for enquiries relating to sizes outside of the displayed range.

Sizes listed are seat dimensions. The actual cushion is 1.5" longer to allow for the cushion to sit between the back canes.

ROHO® - Dual Compartment

- Appropriate for clients with very high risk of ischaemic ulcers and for management and recovery from existing pressure injury conditions
- Two separate compartments of the cushion allow positioning adjustments to address a pelvic obliquity (side-to-side) or sacral sitting

- The Dual Compartment offers slightly less postural control and flexibility than the Quadro Select range but retains the pressure and shear risk management standard for ROHO
- Maximum User Weight: Unlimited

High Profile (HP)

- 4" (10cm) High Cells
- Higher Pressure Disbursement

Low Profile (LP)

- 2" (5cm) High Cells
- Greater Stability

All models include

- 2 Way Stretch Cover
- Hand Pump & Repair Kit
- Operating Instructions
- 2 Years Warranty

 Low Risk  Medium Risk  High Risk  Very High Risk

ROHO® - Air Lite

- Appropriate for everyday comfort and pressure injury prevention
- Designed for clients with tactile sensation who are at low risk of developing skin breakdown
- Contoured foam base with an internal sealed air cell provides comfort and support for basic positioning and pressure management needs
- Maximum User Weight: 113kg

All models include

- 2 Way Stretch Cover
- Hand Pump & Repair Kit
- Operating Instructions
- 1 Year Warranty

Note: This range can fit chairs from 14" x 14" to 20" x 20". Please contact Aidacare for enquiries relating to sizes outside of the displayed range.

Sizes listed are seat dimensions. The actual cushion is 1.5" longer to allow for the cushion to sit between the back canes.

ROHO® - Hybrid Elite

- Appropriate for clients with moderate to high risk of skin breakdown who require positioning support
- Single valve type
- The Hybrid Elite combines the skin protection and shape matching ability of ROHO Dry Floatation with a contoured foam base
- The design allows for improved pelvic alignment and stability while maintaining

optimal immersion and dispersion of pressure away from the pelvic area

- The ROHO Dry Floatation system and 2-way stretch cover help reduce friction and shear whilst maximising blood flow
- The stability provided by the foam base assists "friction & shear" with safer transfers
- Maximum User Weight: 225kg

All models include

- 2 Way Stretch Cover
- Hand Pump & Repair Kit
- Operating Instructions
- 2 Years Warranty

Note: This range can fit chairs from 14" x 14" to 20" x 20". Please contact Aidacare for enquiries relating to sizes outside of the displayed range.

ROHO® Quadro Select

- Appropriate for clients at very high risk of ischaemic ulcers and for management and recovery from existing pressure injury conditions
- ROHO Dry Floatation promotes circulation, and pressure relief whilst flexible neoprene cells reduce shear friction
- Quick-and-easy air compartment adjustment maximises function and utility

Quadro Select cushions employ ISOFLO Memory Control which locks air into compartments to help maintain better postural integrity in addition to pressure reduction

- Maximum User Weight: Unlimited

Lifting Devices

P200 Portable Ceiling Hoist

- Lightweight portable hoist
- Suitable for use with fixed ceiling tracks for room to room transfers or mobile gantry systems
- Quick Release System (QRS) allows for the P200 to be safely and easily attached or removed from the gantry or track system with an easy reacher
- Safety locking latches to secure slings in place
- Perfect for use in community or nursing environments
- Pneumatic handset is ideal for use in wet environments
- Emergency lowering allows for the safe lowering of the in emergency situations

PRISM MEDICAL

Code	Description	Height Range	Weight	S.W.L
LIC350120	Ceiling Hoist - Prism - P200 (P440) Portable Manual Traverse 200kg & Carry Bar	Up to 2070 mm	4.8 kg	200 kg

Transactive Xtra Ceiling Hoist

- Fixed ceiling hoist allows for a large array of configurations
- Digital display screen provides essential information for the user and caregiver
- Return to Charge (RTC) option automatically returns the hoist to its charger when required
- Manual wind down and raising allows the hoist to continue to be used during a power outage
- Smooth lifting/running tape with large lifting range
- Pneumatic handset is ideal for use in wet environments
- Low profile hoist unit is unobtrusive and provides greater lifting height
- Emergency Lowering allows for the safe lowering of the in emergency situations
- Safety locking latches to secure slings in place
- Available in manual or powered traverse options

Patient Turner

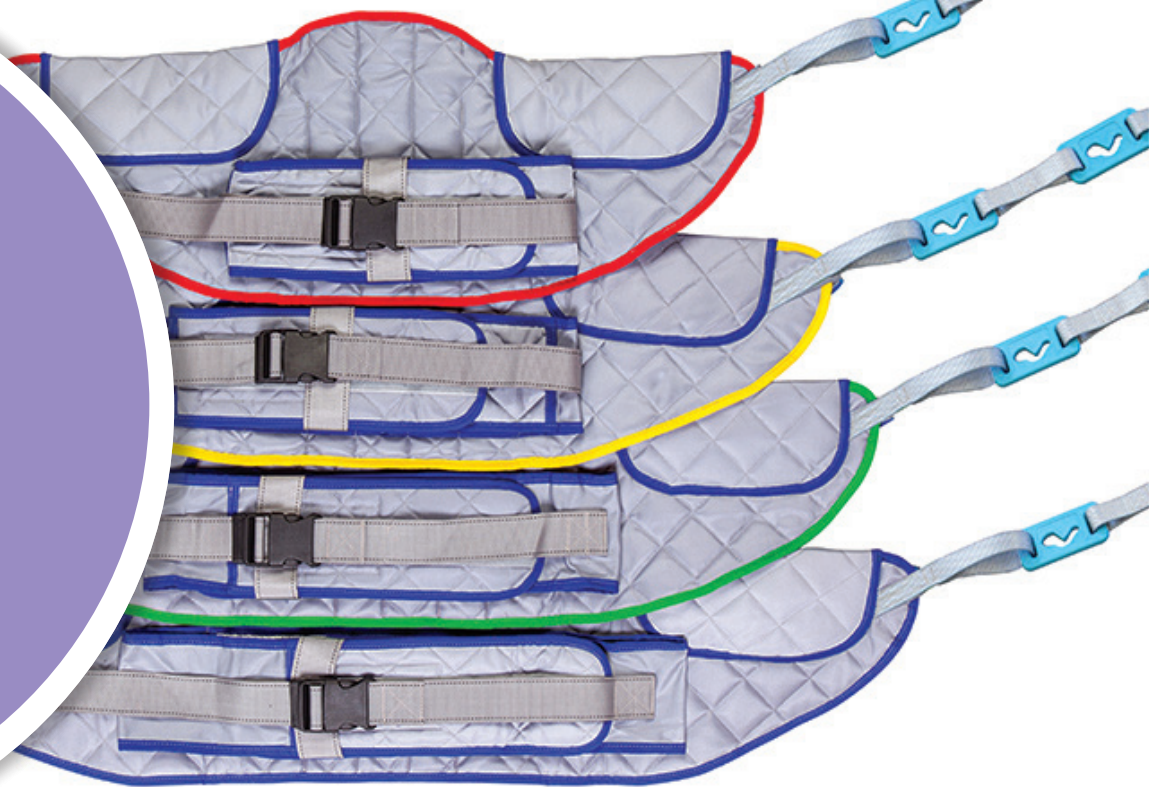

Orbi-Turn Standing Patient Turner

Designed for caregivers to facilitate standing and seat-to-seat transfers while minimising the risk of injury to themselves and the patient. Allows a client with moderate upper and lower limb strength to participate in functional transfers and ensure good working posture for therapists. The turntable effortlessly rotates through 360° for repositioning in even the most confined spaces. Nonslip footprints provide secure foot placement and show clients where to position feet.

- Overall height adjustment of 813 - 1320mm accommodates variety of patients
- Height-adjustable and angled kneepad results in normal biomechanical hip and knee movement
- Height-adjustable hand bar suits a range of clients
- Thigh pad gives the patient a secure, supportive contact point for increased stability and comfort during transfers.
- Easy-to-operate foot brake prevents rotation and overcompensating on balance during sit-to-stand movement.
- Two rear casters provide easy transport from client to client.
- Front-mounted sprung caster assists in positioning of the Orbi-Turn once the client's feet are in place.
- Folds flat for easy portability and storage.
- Steel frame ensures durability and strength.
- Weighs 15kg.

Seat Walkers / Rollators

Aspire Vogue Indoor Walker / Rollator

- Luxury look and feel – Danish design, profiled tubing, moulded fittings, ergonomic handles and refined colours.
- Now supplied with bonus cane holder (ref. image)
- Lightweight and ergonomic design with small turning circle for excellent manoeuvrability.
- No lifting & spillage – meals can be collected and brought to the desired location without the need for lifting or carrying. The tray is also removable.
- Sitting down for a meal – when the user is sitting, the walker can be turned around and positioned comfortably in front of them, to enjoy their meal.
- Unique folding design – the slimline design reduces the footprint when folded but allows the folded walker to stand upright on its own.
- Brakes – the ergonomic ‘Soft Touch’ lockable design allows the walker to be secured in place with minimal hand pressure.
- Removable storage bag – utensils and other items can be stowed securely away, ideal for transporting personal belongings around the house.

Aspire Tilt-In-Space Wheelchairs

Aspire Rehab RX Advanced Tilt-In-Space Wheelchair

- Designed for the more complex user, who requires assistance with positioning, re-positioning and skin management.
- Tilt (26°) and backrest recline (30°) – this facilitates weight re-distribution and the preservation of skin integrity. It also optimises user comfort, decreases user fatigue and assists with head control.
- Contoured, built-up backrest and seat cushion - the backrest has a gentle lumbar build up and moderate lateral supports; together with the abductor and adductor build-up at the seat cushion, midline positioning is optimised.
- Advanced articulating legrests – closely mimic the normal movement at the knee upon elevation, allowing the thigh to maintain contact with the seating surface, ensuring maximum support and skin contact with the cushion.
- Breathability - support surfaces offer multi-layered foam with breathable multi-stretch covers - for pressure re-distribution, comfort and to enhance skin microclimate.
- Highly adjustable - depth and width adjustable seat sizing. Height adjustable and removable armrests. Adjustable headrest.
- Crash Tested – to AS/NZ3616.196
